FUTURE OUTLOOK

The background features a white canvas with several large, semi-transparent hexagonal shapes in shades of light blue, purple, and grey. In the top-left corner, a purple hexagon contains a series of fine, radiating lines. On the left side, a dashed blue arc is visible. The overall aesthetic is modern and minimalist.

01

EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

"At Bose we believe sound is one of the most powerful forces on earth."

- **Bose's expertise:** sound technology
- **SleepWave's purpose:** supporting individuals struggling with sleep issues
- **How it works:** utilizes sound frequencies to improve relaxation and reduce sleep disruptions
- **Target:** individuals aged 18-40 seeking better sleep and well-being

THE EVOLUTION OF SOUND THERAPY

02 **CURRENT** **MARKETING** **SITUATION**

THE SLEEP AID MARKET IS A DREAM

- Consumers are becoming increasingly aware of sleep as a part of their overall wellness.
- 58% of adults 18+ have tried to implement better sleep habits but they did not last.

- Consumers have relatively few associations, good or bad, with sleep aid technology.
- This means the market is a proverbial “blank slate” and an area of high opportunity.

- The US market size of over the counter sleep health products reached \$2 billion in 2024.
- It is projected to grow at a rate of 4% for the next five years.

HOW BOSE FITS INTO THE MARKET

- Bose has a long history as a leader in the field of audio.
- Its emphasis on research and development has helped it pioneer new technology in varied markets, from live music to aviation.
- Bose's expertise in sound gives it the credentials to launch a new, sound-focused product in the sleep aid market.

INTRODUCING...

BOSE
SLEEPWAVE 

BOSE ***SLEEPWAVE***

- Leveraging Bose's expertise in sound, SleepWave creates an adaptive environment for relaxation, sleep induction, and gentle waking.
- While other competitors in the market emphasize light, breathing exercises, and meditative soundscapes, SleepWave will be the first to explore the untapped area of sound *therapy* in the sleep tech market.
- SleepWave will utilize Bose's incredible audio technology to provide curated experiences for each individual user, utilizing an array of sonic frequencies best suited to calm the mind

THE COMPETITION

Hatch

- Marketed as an alarm clock that helps you build healthy sleep habits.
- An emphasis on disconnecting from technology is its unique positioning in the market.
- The "Restore 2" retails for \$169.99.

Dodow

- **Dodow** is a sleep aid technology specifically geared towards consumers concerned with insomnia and their heart health
- Its focus on breathing exercises differentiates it from other sleep aids on the market.
- Dodow retails for \$69.99.

Phillips SmartSleep

- Positioned as a sleep aid that helps you fall asleep and wake up gradually, feeling refreshed.
- The legacy of Phillips as a light producer is what differentiates this product from others in the market.
- Phillips SmartSleep retails at \$179.95.

The background features several large, semi-transparent hexagons in shades of light blue, purple, and grey. A series of thin, parallel lines in a light purple color radiate from the top-left corner. A dashed, semi-circular line in a light blue color is visible on the left side. The text is centered in a bold, black, sans-serif font.

--- 03 SWOT ANALYSIS

SWOT ANALYSIS: INTERNAL

Strengths

- Strong brand equity in the audio technology market
- Patented product
- High quality product
- Approved by FDA
- Trusted by doctors

Weaknesses

- Higher price point than competitors
- New entrant into the field of sleep aids
- High cost of research and development

SWOT ANALYSIS: EXTERNAL

Opportunities

- An aging US population
- A growing number of individuals moving to metropolitan areas and need to block out noise

Threats

- Highly competitive market with low barriers to entry
- Alternatives such as supplements are more economical treatments for sleep issues

The background features a light gray grid of hexagons. Some hexagons are filled with a gradient of purple and blue. There are also thin, dashed lines in purple and blue, and a solid purple line forming a partial circle on the left side.

--- 04 BUSINESS OBJECTIVES

BOSE MISSION STATEMENT

Dr. Amar Bose

"We have a simple mission: think of better solutions, create better products, help people enjoy the things they love. Everything we do supports this mission and points us forward. It started when Dr. Bose founded the company in 1964 and continues today with innovative, passionate employees around the globe."

SLEEPWAVE BUSINESS OBJECTIVES

OBJECTIVE 1

Position Bose as a leader in sleep technology

OBJECTIVE 2

Achieve a 5% market share in sleep technology by reaching existing Bose product users as well as other potential customers

OBJECTIVE 3

Revenue growth through **diversification**

THE 3 MORES

Penetration: Bose Sleepwave will target consumers who are currently using other forms of sleep aids such as melatonin and benadryl.

Premiumization: Bose Sleepwave will be positioned as a premium product. In addition to the standard base model, buyers will also be able to purchase SleepWave Pro which offers customization options such as soundscapes, adaptive light therapy, detailed sleep analytics, and compatibility with other smart home devices.

The background features a white canvas with several large, semi-transparent hexagonal shapes in shades of light blue, purple, and grey. A series of thin, parallel lines in purple and blue radiate from the top-left corner. A dashed blue line forms a partial arc on the left side. The text is centered in a bold, black, sans-serif font.

--- 05 MARKETING STRATEGY

PEOPLE

Who Bose SleepWave will target

How People Learn About SleepWave

REAL-WORLD PERSPECTIVES ON SLEEP CHALLENGES

Male, 30, Millennial, High Paying Job, Urban City

- **Struggles with Sleep Apnea and Insomnia:** Experiences both sleep apnea, requiring a CPAP machine, and insomnia, with frequent early wakeups (2–4 AM), affecting overall sleep quality.
- **Limited Success with Current Solutions:** CPAP machines and sound therapy have provided inconsistent results, and wearables like Whoop only track data without offering actionable insights.
- **Receptiveness to Premium Pricing:** Willing to invest in a high-quality product (\$300 range), especially from a trusted brand like Bose, if backed by a trial period and proven results.
- **Sleep as a Wellness Priority**
- **Pitched the SleepWave Product**

RECLAIM YOUR NIGHTS CAMPAIGN

The "Reclaim Your Nights" campaign is designed to position Bose as not just a tech company but as a champion for mental well-being and personal empowerment through better sleep

RECLAIM YOUR NIGHTS CAMPAIGN

Visual Storytelling: Short films featuring diverse individuals overcoming sleep struggles with the help of SleepWave.

Social Media Hashtags: #ReclaimYourNights encourages user generated content about overcoming issues with sleep.

Partnerships: Collaborate with mental health advocates, sleep clinics, and influencers to spread the message of Bose's efforts as a well-being product.

RECLAIM YOUR NIGHTS.
RECLAIM YOUR LIFE.

ROSE
SLEEPWAVE 

SAMPLE USER JOURNEY

Mindy is a sophomore in college who currently has trouble sleeping at night. She is constantly worrying about school and has been taking melatonin for the last 3 months to help her sleep. Lately Mindy has noticed that she is having nightmares which is a common symptom of taking melatonin.

Mindy is currently on the market for an alternative sleep aid solution.

Attention: Mindy wanted to understand the negative side effects of melatonin and decided to do some research on it. After finding the long list of side effects she decided to search for other sleep aid alternatives.

Consideration: She began seeing options for sleep technology and read reviews as well as looked through Tik Tok for any reviews and product walkthroughs.

Purchase: After comparing options, Mindy liked Bose's superior sound technology and customizable options and decided to purchase her SleepWave on Bose.com.

Loyalty: After purchase, Mindy received an email for "How to set get the most out of your new SleepWave machine"
